## DESCRIPTION

Enrollment projections at Fallsmead Elementary School reflect a need for a six-classroom addition. Fallsmead Elementary School has a program capacity for 425 students. Once full-day kindergarten is implemented in the 2006-2007 school year, the capacity will drop to 380. Enrollment is expected to peak at 484 students in the 2008-2009 school year. A feasibility study was conducted in FY 2005 to determine the cost and scope of the project.

An FY 2007 appropriation was approved to begin planning this addition. An FY 2008 appropriation will be requested for construction funds. This project is scheduled to be completed by August 2008.

Program Capacity After Project: 518

Teaching Stations Added: 6
